

98.6F LOUNGE COLLECTION

BY DE LA ESPADA

The 98.6°F Outdoor Collection is named after the body temperature we take for granted as "normal" which is in fact our bodies' highly calibrated ability to balance between a temperature too high or too low.
The furniture collection is also deceptively simple in its outward appearance: it is a versatile yet modest collection of wooden chairs and tables for everyday use that has great tectonic sophistication.

Dimensions

Lounge Arm Chair W26 x D29 x H26 4/5 ", seat height 14 1/5", arm height 22 1/4"
Lounge Armless Chair: W22 x D29 x H26 4/5 ", seat height 14 1/5"
Lounge One Arm Chair W24 x D29 x H26 4/5 ", seat height 14 1/5", arm height 22 1/4"
Coffee Table D49 1/5 x H13 "
Side Table D19 3/4 x H20 "

Material Options

Black oiled oak.
When conditions are dry, which can be in any season, cracks may appear in your oak furniture. These may be up to 1mm wide and, in most cases, up to 10-20mm long, and will be visible on the ends of planks or chair components. These cracks are a natural response of the oak to its environment and, when conditions become more humid, the cracks will close. Our outdoor furniture has been engineered to allow for changes to the timber's dimensions, including both swelling and cracking, so the cracks will not affect the structural integrity of the furniture.
