

BAT DINING CHAIR - OUTDOOR

BY GUBI

The Bat Chair is created with a Scandinavian approach to crafts, simplicity and functionalism by Danish-Italian design-duo GamFratesi. The embracing shell with armrests equally embodies both aesthetics and comfort while carrying strong references to the interesting and distinctive shape of a bat's wingspan.
Now available with a UV-protected shell and legs in a matt-satin textured finish, and an optional seat cushion that can be upholstered with a fabric designed for outdoor use, the Bat Chair for outdoor fits perfectly for a variety of public and private contexts, both outside and inside.
