

# BOCCI 28 SERIES

**BY BOCCI**

28 results from an innovative fabrication process that manipulates both the temperature and the direction of air flow into blown glass. The result is a slightly distorted sphere with an interior landscape of satellite shapes, including an opaque milk glass diffuser that houses either a low-voltage xenon or LED lamp.
Available as a pendant, chandelier, surface mount, floor lamp and table lamp.

### Dimensions

Individual Pendant size — ±Ø165mm
Available in a wide range of configurations, from individual hanging pendants to expansive chandeliers.
Ask about the many single and multiple installation options, using a variety of different canopy choices.
