

CERAMIC SCONCE

BY ANNA KARLIN

This family of lights are composed of hand-blown ridged glass, a scalloped glaze puck, and topped off with a large unglazed ceramic disc. The difference in texture between the elements are picked up beautifully by the light.

Dimensions

Large: 12" diameter, D – 6 5/8".
Small: 5" diameter, D – 6 1/8".

Material Options

Ceramic, brass and glass.

Lamping

1 G9 bulb, max 50W each. 4.5W dimmable LED bulbs included. 450 lumens each, 2700K color temperature.
