

CH26 DINING CHAIR

BY CARL HANSEN & SON

The CH26 dining chair is closely related to the CH22 lounge chair. Both have good ergonomics, a sturdy construction and characteristic curved armrest supports. CH26 serves as both a dining chair and desk chair, and Wegner has taken the table height and chair usage carefully into account in its proportions and construction.

Dimensions

23.5"W x 20.5"D x 31.5"H, Seat Height: 17.5"

Material Options

Available in a variety of finishes in oak or oak/walnut combination. The seat is available in natural or black paper cord.
