

CH36 DINING CHAIR

BY CARL HANSEN & SON

Simple, functional, and thoughtfully made, this 1962 Wegner design demonstrates the influence of Shaker furniture principles and craftsmanship on Wegner's aesthetic. Of course, the master of chair design infused the CH36 dining chair with his own subtle touches. The legs taper off slightly toward the floor, creating a light, elegant appearance. The top of the curved back is more rounded than the bottom, enhancing back support. The frame and beautifully hand-woven paper cord seat, while appearing delicate, are sturdily constructed to comfortably seat generations.
