

CLOUD COFFEE TABLE

BY TOM FAULKNER

The Cloud collection celebrates form and shape, texture and material, as well as the blacksmith's art. The amorphous cloud-like shape of the marble itself seems to float within the frame – which is made of four exquisitely forged legs – each made with traditional blacksmithing techniques.

Dimensions

Height:42 / 16.50 Width:141 / 55.50 Length:97 / 38.25

Material Options

Cloud can be made with any of the Tom Faulkner marbles or Venetian glass, and the legs can be made in either steel or bronze.
