

CONSTELLATION ORION

BY ATELIER 001

Inspired by planet-like shapes and textures, the Cosmic collection plays with both metal properties and a selection of patina finishes. Finished in Atelier001's signature bronze gradient patina Ore, the five lighting components are harmoniously balanced to illuminate a room. This handmade lighting constellation sits elegantly in both contemporary and vintage-inspired interiors. Please note that each piece is individually handmade, therefore unique in its own way.
