

COSMIC CHANDELIER XL

BY ATELIER 001

Inspired by planet-like shapes and textures, the Cosmic collection plays with both metal properties and a selection of patina finishes. The Cosmic Chandelier XL is composed of six carefully hand-spun brass plates and finished in a mixed patina.. This handmade pendant provides both uplight and downlight, illuminating space without creating glare. Softly illuminated with integrated LED from within, this sculptural ceiling piece sits elegantly in both contemporary and vintage-inspired interiors. Please note that each piece is individually handmade, therefore unique in its own way.
