

DEW PENDANT

BY SKLO

The Dew Pendant is an intense expression of the molten origins of handblown glass. For a diffuser, the Dew Pendant features a solid sculpted glass shape composed of layers of glass applied while hot, giving it a dripping appearance. The glass is permanently affixed to the solid brass armature, hidden behind a minimal brass cylinder, which lifts to give access to the bulb. The fixture uplights slightly through the open top of the cylinder. The glass diffuser is available in either clear glass, or frosted clear glass, for two very different effects.

Dimensions

5.5" diamater
Specify overall drop length – Rigid brass tube stems are not field adjustable
Minimum overall drop length: 24"/610mm
Lengths over 50"/1270mm available at additional cost
Fixture weight (approximate): 10lbs/5kg
All glass dimensions are approximate – handblown glass
dimensions vary by nature and intent

Material Options

Glass: Clear or clear frosted
Metal: Dark Oxidized, Brushed Brass, Brushed Nickel, Polished Nickel

Lamping

Socket 120V G9 7W Max
LED bulb included
Requires recessed electrical box for installation
Standard canopy does NOT accommodate sloped
