

DRAPE SKIRT

BY SKLO

The Drape Skirt Chandelier consists of individual pendants gathered and supported by a central brass “skirt" structure. Each pendant features a 4.5"/110mm diameter diffuser of handblown Czech glass suspended on a fabric-wrapped electrical cord. The cords pass through the tubes of the “skirt“, and the slight friction created by?the?cord passing through the bent tubing holds the “skirt" in?place. The “skirt" element can be located anywhere along the?length of the fixture/cords. The glass diffusers are available in both "dipped" glass, featuring the SkLO double-dipped flame-polished mouth and "textured" glass, featuring a soft, frosted finish and subtle sculpted vertical ridges. Cord lengths are field adjustable.
