

DROPLET

BY SKLO

The SkLO Droplet Vessels are a collection of seven small- to medium-sized vessels, each unique in shape and color. The vessels are asymmetrical, each a mass of solid glass around a complementary shaped void of transparent color. While the Droplet Vessels work individually, they are meant to be displayed in groups, and they are available as a set of all 7. Seven vessels in seven colors, only as shown. All glass dimensions are approximate – handblown glass dimensions vary by nature and intent. Made in the Czech Republic.
