

E004 EMBRACE ARMLESS DINING CHAIR

BY CARL HANSEN & SON

The Embrace Chair is a 2019 addition to the Embrace Series by Austrian design trio EOOS. Visually light in its expression, the chair has no armrests and will take up less space, fitting with any table. The design allows for great freedom of movement, a quality that enables users to communicate and interact freely. The upholstery is folded in two dimensions and the relaxed air of the upholstery contrasts the perfectly shaped wooden frame. It is a testimony to the unity between the craftsmanship and heritage of Carl Hansen & Son and the innovative design approach of EOOS.

Dimensions

22" W x 24" D x 32.5" H
Seat: 18.3" H
