

EDEN SCONCE

BY CROSLAND & EMMONS

Handcrafted from pure white ceramic, the Eden Sconce brings a sense of serenity and renewal to any space. Its chalky matte glaze gives the form a soft, organic presence, while delicate bud-like adornments, finished in a glossy white, add a touch of quiet elegance. Designed to illuminate both upward and downward, Eden casts light that blooms gently toward the sky while also grounding the room below—an ethereal balance of radiance and form.
A sculptural piece as much as a source of light, Eden embodies purity, growth, and timeless beauty.
