

ELYSIA LOUNGE CHAIR

BY DE LA ESPADA

The perfect synthesis of superior woodwork and fine tailoring is revealed in Elysia. The lounge chair has a solid wood leg construction that cradles the padded shell of the seat and the backrest. The “skeleton", traditionally hidden inside the upholstery, is deliberately exposed to showcase the craftsmanship and premium timber. The exceptional comfort Elysia offers is visually communicated through the padding enveloping the shell, and the generous folds of fabric on the cushion.
