GALET CONSOLE

BY NADINE HAJJAR STUDIO

Galet is a collection inspired by the smooth, rounded shapes of pebbles stacked atop one another or on top another, evoking memories of childhood by the Mediterranean Sea. It celebrates abundance and the repetition of organic forms, creating furniture pieces that are uniquely composed each time. When assembled in varying arrangements, pebbles transform into one-of-a-kind designs, making every piece a distinctive reflection of nature's beauty.

Dimensions

60" x 15" x 31" / 152cm x 38cm x 79cm
