

GALILEO ARM CHAIR

BY PIERRE AUGUSTIN ROSE

Galileo armchair embodies the spirit of refined craftsmanship and timeless design. Its smooth, honey-toned oak frame wraps gracefully around the seat, forming a continuous loop that serves as both armrest and support. Viewed from the back, the intricate latticework of interwoven wood slats provides a striking detail, blending structural integrity with visual harmony. This artisanal weave showcases the skill of our craftsman. Every angle reveals thoughtful design choices, from the sculptural profile to the harmony of materials, resulting in a piece that balances comfort with artful sophistication. An expression of artistry, designed to be admired from every angle
