

GRACE LOUNGE CHAIR

BY GUBI

The flexibility of rattan – its ability to be bent and shaped at will – is at the heart of Tove Kindt-Larsen's vision for the Grace Chair. The result is a daring balance of elegance and informality, resulting in a piece that will make a bold statement as it casts playful shadows across any interior space, while welcoming those who regularly curl up inside it like an old friend. And its natural robustness helps ensure that the chair has longevity – this coupled with the care that goes into its craftsmanship means that the Grace Chair might survive for a century or more.
