

HALO COLLECTION

BY MATTHEW MCCORMICK STUDIO

Originally conceived as a graphical interpretation of effervescence, Halo is a series of bold lamps inspired by the warm glow of the proprietary LED ring luminaire, each housed in hand-finished casing with a jewel-like finish. The modular system allows for Halo pendants to be suspended in a multitude of compositions, akin to a sophisticated, hanging art installation both illuminated and at rest.
Halo is available as individual pendants in 8, 12 or 16 inch ring diameters and a number of multi-pendant configurations; standard casing finish is brushed brass. The HALO BLACK COLLECTION, black anodized and black chrome finish options, are available now for a limited time in North America.

Dimensions

Please click on links below for detailed specifications:
Halo 8 C1 Round Single Pendant
Halo 12 C1 Round Single Pendant
Halo 16 C1 Round Single Pendant
