

HUG NIGHTSTAND

BY COLLABORATIONS: HOLLACE CLUNY

Designed by Kim Lambert
The Willow Collection is Inspired by the dual nature of the willow — its delicate movement and deep-rooted endurance — this limited series reimagines furniture as both gesture and mass.
Soft curves converge with clean lines, where refinement meets rawness. Solid wood is bent and carved into flowing forms, then brushed to reveal its grain and character. Metal elements are cast with a quiet patina, bearing the marks of time and touch. Stone surfaces are hand-selected and gently honed — their edges softened, their essence left intact. Each material is shaped, but never disguised — revealed in its most elemental state.
The collection pays homage to the expressive linework of Art Nouveau masters and the honest materiality of Brutalist visionaries. It is not nostalgic, but reverent — a dialogue between eras, filtered through a contemporary lens.
