

IZAR DINING TABLE

BY DE LA ESPADA

Inspired by the binary star in the northern constellation of Boötes, Izar is a sculptural dining table crafted in solid timber with details in satin matte or high gloss painted hdf. In an elegant encounter between two contrasting materials, Guerrée expresses his artistry by playing with the volume under the tabletop, adding two asymmetrical legs that give a rhythm to the whole.

Dimensions

170M
W250 x D111 x H74 cm
