

KK47001 SAFARI OTTOMAN

BY CARL HANSEN & SON

Being one of the world's first 'build-it-yourself' furniture items this foot stool is all about functionality. It can easily be assembled and disassembled without tools, making it ideal for being on the move. The Safari stool´s obvious companion is the matching Safari chair made after the same simple "knock down" principle. The Safari stool is available in oil-treated light or smoked ash.

Dimensions

22.5" W x 22.5" D x 13.5" H.

Material Options

The Safari stool is made in oiltreated ash – either light or smoked. The seat is available in natural canvas (100% linen) or a selection of leather colours.
