

LAUREL COFFEE TABLE

BY DE LA ESPADA

Laurel coffee table is composed of two pure geometric shapes, cone and cylinder, intersecting to create two wide and functional surfaces, distributed at different levels. In keeping with the other elements of the collection, the ratio of the materials used is 50/50, in this case painted hdf for the cone, that appears to balance weightlessly upon the cylindrical marble base. Also available with a timber base.

Dimensions

W34" × D29" × H8 "

Material Options

Base available in American black walnut, American white oak, or European Ash in a range of finishes. Cone available in HDF in a choice of our full range of colors with a satin matte or gloss finish.
