LEGATO DOUBLE STRING

BY LUCA NICHETTO

Designed by Luca Nichetto. Legato, a musical reference indicating a smooth and unbroken connection of notes, is a modular system of lights that follows this same principle. Legato is available in both vertical and horizontal configurations. The vertical double strings offer flexible possibilities — from a side-by-side dual pendant to a soaring column of modules. The tandem up-facing and down-facing cones provide both soft reflected light from the ceiling and direct illumination.
Note: The standard Legato Double Strings includes 20 cones
