MIES BARCELONA STOOL

BY KNOLL

The Barcelona Stool features the pure compositional structure that now epitomizes Modern architecture. The stainless steel frame is welded in single piece construction for ultimate durability. Individual leather panels are cut, hand-welted and hand-tufted. Panels and buttons are crafted from a single hide. Stainless steel and chrome frames are hand-buffed to a mirror finish. Knoll Studio logo and Ludwig Mies van der Rohe's signature stamped into the frame of each piece.
