

MULTIPLE BOUGH PENDANT

BY STICKBULB

Elevated, elegant and inspired by the main branch of a tree, the Multiple Bough Pendant by Stickbulb features a Y-shaped connector that joins three Stickbulbs together. Each arm of the welded steel connector is angled in two directions, creating a soaring bird-like effect. The adjustable ball-joint at the stem allows the fixtures to be dynamically posed or held level.

Dimensions

79"L x 43"W x 38.2"H
