PERSONA – A Furniture Collection Inspired by the Layers of Human Nature

The PERSONA collection is a tribute to the complexity of people—their layers, personalities, and contradictions. Just as no two individuals are alike, each piece in this collection explores the depth and diversity of human character. Inspired by an era when furniture was crafted slowly, intentionally, and by hand, PERSONA embraces a philosophy of timelessness and authenticity.

Drawing from the raw honesty of brutalist architecture and the expressive clarity of Piet Mondrian, PERSONA balances structure with emotion. Some pieces speak to the bold, artistic spirit; others, to quiet introspection. The materials are chosen for their tactile and visual integrity, revealing textures and imperfections that mirror the human experience.

This collection is not just furniture—it's a conversation about identity, creativity, and the enduring value of craftsmanship.
