

PK52A STUDENT DESK

BY CARL HANSEN & SON

The Student Desk has a light, simple design which matches both modern and classic settings, and clearly demonstrates the exquisite interplay between materials which is typical of Poul Kjærholm's designs. In his Student Desk, Kjærholm elegantly combined a lacquered steel frame with a veneered wood table top, thereby refining some of the design elements which would later characterise his furniture.

Dimensions

55.5" x 28.5" x 33.5". Optional Drawer Module: 15.5" x 3.5" x 33.5"

Material Options

Available with laminate, or oak veneer tabletops, with an oiled, lacquered or black-painted surface, and a black-lacquered steel frame. The optional drawer is available in oiled, lacquered or black-painted oak.
