

SEINE PENDANT

BY GUBI

The Seine Collection by Space Copenhagen was inspired by the behavior of light in moving water, an effect that was captured through the use of patterned mouth-blown glass. The collection comprises of a Table Lamp, Ceiling Lamp, and Pendant, each of can be configured with a shade in Smoke, a lightly tinted translucent glass which reveals the inner structure of the lamp, or Coral, where the interior of the shade has been sand-blasted to create a clouded effect. Each Seine lamp draws on the power of glass to soften, layer, and blur light, creating a dreamy a reflective ambiance.
