

SPOT SURFACE MOUNT

BY IN COMMON WITH

A deceptively simple surface mount that makes compact functionality its signature trait. Outfitted with a moveable shade that can be turned 90 degrees outward and 330 degrees side-to-side, it casts hyper-directional light anywhere you choose.
Adding to its adaptability, the Spot Surface Mount can be mounted to ceilings or walls, configured with or without an integrated dimmer, and is available in a range of machined metal finishes—from punchy, high-gloss colors to hand-spun solid brass.

Dimensions

7 in H x 3 ? - 6 ? in D
