

SPUN CLUSTER

BY LADIES AND GENTLEMEN STUDIO

As if designing jewelry, Spun was created considered how each lighting component could complement the other to create tidy elegant compositions. Spun features a polished brass, matte black, or glass shades in frosted glass, rust, and cream, which encases an exposed globe light bulb. Spun Cluster brings pendants together in 6-pc bouquets to create a more impactful chandelier format of the Spun series. An adjustable white interior reflector allows the bulb to sit in the housing like a precious stone
