

TAI IN

BY DE LA ESPADA

Tai In plays with reflection and its powerful effect on perception. Its large round mirror divides and reflects space, while its integrated cabinet provides practical storage space. There is no back or front: the mirror is double sided, as is the cabinet which opens on both sides.

The Tai collection masterfully blends function and sculpture. Rather than complements, the products are counterpoint, maintaining a distinct identity while affirming diverse spaces and objects.

Dimensions

W180 × D40 × H180 cm
