

TS DESK

BY GUBI

Playing with the contrast of a solid table top and the characteristic slender metal legs with a careful crossing detailing, the TS Desk is a modern and stylistically pure desk perfectly suited for an office space where the home-like feel is sought for.
The TS Collection got its name as well as inspiration from the renowned restaurant The Standard in Copenhagen where the materials and design vision have strong references to the building's architecture. The visual lightness in combination with honest materials and flawless craftsmanship, the TS Desk has an outstanding minimalistic design that would make a beautiful addition to any modern interior or office space.
