

TS POUFFE RECTANGULAR

BY GUBI

Celebrating great functionality with comfort, the TS Pouffe in three sizes makes a versatile addition to any living area. The smaller size becomes handy to move around wherever an informal seat is needed, while the larger ones take on their full impact. The exclusive TS Pouffe echoes the aesthetics of the TS Collection of slender metal legs and decorative detailing. In addition, the organic shape is emphasized with a decorative piping, known from other designs by GamFratesi.
