

TWENTY-FIVE BEDSIDE TABLE

BY DE LA ESPADA

Crafted from solid timber and junco, the Twenty-Five Bedside Table is the perfect companion for the Twenty-Five Bed. The side panels are woven on a loom at the historic Portuguese basket-making workshop Toino Abel before being applied to the beautifully detailed solid timber frame.
This two-shelf bedside offers generous yet compact storage with cable management.
Thoughtful detailing includes using magnets to hold the woven panels in place to allow easy access to the cable management compartment, the recess in the tabletop serving to prevent items from rolling off, and the understated yet complex joint where the leg meets the top.
