

TWENTY-FIVE SHELVING UNIT

BY DE LA ESPADA

Twenty-Five Shelving Unit emerged from diverse influences ranging from Chinese Ming dynasty shelving to timber sculpting details seen in Brancusi sculptures and Hans Wegner chairs. Designed for flexibility, the Twenty-Five Shelving Unit is available in a range of sizes, and, with the exception of the fixed top and bottom shelves, each shelf is adjustable with a hidden mechanism. Hex keys with beautiful cork handles are stored in the base of the shelving unit, so the shelves may be easily adjusted at any time. Brass brackets allow the unit to be secured to the wall.
